

# Wahid Associates (Rice world Project)

Basic Purpose of Project:

(To make buying & selling for grain traders easy & convenient for user to be updated with prices)

- Every user of Grain business Is able to buy & sell their products on that application
- Every user is able to get updated price lists on daily basis
  - Rate List for last 7 Days of all Mandi History Also Available

Mainly these 3 things will be displayed to the user

- Future Plans for project & Requirements
  - Make it responsive
  - Should support multiple currencies in future
  - Provide APIs So we can develop Application in future
  - Currently we will just launch in pak but in future we will launch in other Asian countries as well
  - User Friendly Interference Designed
  - Develop & Design Using Latest Technology
  - We will use different sub domains for all grains in future like for rice ( rice.pk) for wheat (wheat.pk) & for pulses (pulses.pk) etc.
